Learn by doing – and listening!

This is a 2-year course and this term we will be completing the first year of the course. The emphasis of the course is on playing in a band. There is no specific instrumental guidance, so you can combine the course with having instrumental lessons alongside.

The course will cover playing well-known standards and will be student-centred, adapted to suit the needs of the specific group. Some theory and ear training will be included, as well as initial and final assessment but these will be informal and non-scary!!

Who is this course for?

- Those with a little experience of playing jazz in a group
- Any instruments or singers with reasonable technical ability
- Over 16's (under 16's must be accompanied by an adult)
